

Proposition 1E

Stormwater Flood Management

Grant Program: Round 1- Addendum

Date: January 14, 2011

Time: 9:00 – 10:00am

CalEPA Building- Coastal Hearing Room

Prepared by Debbie Carlisle, P.E.

California Department of Water Resources,
Division of Integrated Regional Water Management, Financial Assistance Branch

Web Broadcast

- ▣ DWR will monitor questions during webcast and answer them
- ▣ Web address for broadcast
 - <http://www.calepa.ca.gov/broadcast/>
- ▣ Email your question to:
 - dwr_irwm@water.ca.gov

Evacuation Procedures and Housekeeping

- ❑ Please look around now and identify two exits closest to you. In some cases, an exit may be behind you. In the event of a fire alarm, we are required to evacuate this room. Please take your valuables with you and do not use the elevators. While staff will endeavor to assist you to the nearest exit, you should also know that you may find an exit door by following the mounted exit sign. Evacuees will exit down the stairways and possibly to a relocation across the street. If you cannot use the stairs, you will be directed to a protective vestibule inside the stairwell. Should we have to relocate out of the building, please obey all traffic signals and exercise caution crossing the street.
- ❑ The drinking fountain and restrooms are located out the door and the back of the room; go to your left; then past the Byron Sher auditorium to the south of the building.

Agenda

- ▣ Welcome, Introductions and Purpose
- ▣ Background
 - SWFM Eligible Project Types
 - SWFM General Eligibility
 - Senate Bill 2x-1 Funding Targets
- ▣ Senate Bill 855 - Addendum
 - New Funding Target
 - New SWFM PSP Requirements
- ▣ Schedule/Contacts
- ▣ Questions/Comments

Welcome, Introductions, and Purpose

- ▣ Debbie Carlisle, Project Manager
- ▣ Keith Wallace, Assistant Project Manager
- ▣ Zaffar Eusuff, Program Manager

Background

SWFM Eligible Project Types – Round 1

- ▣ Projects Must:
 - Reduce Flood Damage
 - Provide Multiple Benefits
 - ▣ Groundwater Recharge, Water Quality Improvements, Ecosystem Restoration and benefits, reductions of in-stream erosion and sedimentation
 - Be outside of the State Plan of Flood Control (SPFC)
